EXPERIENCE

Bankrate | Detroit, MI   *June 2019 - August 2019*
Software Engineering Intern
- Implemented push notifications across the website garnering 80,000 subscribers in 2 months.
- Integrated the LaunchDarkly feature flagging tool across the PHP/Laravel codebase.
- Contributed to a migration from Amazon EC2 to ECS for a core repository and wrote Terraform init files.
- Worked in Vue.js on bug fixes and new features for the authenticated app. Increased user inputs of financial goals by 7% WoW.

Techstars Mobility | Detroit, MI   *July 2017 - October 2018*
Software Engineering / Technical Associate
- Software Engineering consultant for companies accepted into the 2017 & 2018 accelerator cohorts.
- 2017: *Axle Travel* - built a React frontend user interface; *Vartega* - SEO work; *Gridwise & EcoG*- website design; *Carma* - built a web app in Elixir (Phoenix) using an internal company API.
- 2018: *DeepHow & Priva* - website design; *SkyHi* - ReactJS code cleanup; *Humanising Autonomy* - consulted on a product demo web application.

Startup Digest (Techstars) | Remote   *March 2018 - Present*
Global Coordinator
- Contract work for Startup Digest, where I onboard individuals looking to start new "startup digest" newsletters and event calendars in their area.
- Clean-up code on the admin publishing platform and site, write bug reports and brainstorm new features.

Saga Marketing | Detroit, MI   *May 2016 - Dec 2016*
Web Developer Intern
- Created 10+ custom sites for clients like the Detroit Institute of Arts, United Way, Detroit's Mayor Duggan
- Worked with lead developer. Worked on the backend of a scholarship portal in PHP.

TECHNICAL PROJECTS

Startup Detroit (2018-2019) - www.startupdetroit.co
- Run and maintain an open source project and site built in ReactJS, to unite the Detroit startup community.

How To Vote In Michigan (2018) - http://www.howtovoteinmichigan.com/
- Built a nonpartisan website to get individuals to the polls in Michigan, and garnered 20,000 unique page views to date. Covered in the local news.

Project #DoSomething (2017) - https://devpost.com/software/project-dosomething
- A Mixmax integration to easily donate to nonprofits and match donations via email. Won an award at TreeHacks, a 36 hour hackathon at Stanford University.

LEADERSHIP

GrizzHacks, Co-Director   *Jan 2018 - Present*
- Responsible for co-leading a team of 11 individuals, and raised $60,000 to throw the largest hackathon in the metro Detroit area.
- Wrote an article published in Microsoft's blog.

Hacker Fund | JOURNi | Hackathons, Mentor   *July 2015 - Present*
- Teach workshops about web development basics in Detroit / Ann Arbor twice a year.
